# What *They say*

“As owners two villas at Rosewood Little Dix Bay, we were ecstatic to work with Fran Morrell and the House team members. They demonstrated A+ professionalism in every way. Great taste in furniture and furnishings; super responsive to our questions and needs; great communicators; and incredibly thorough. From the beginning of the project to the installation of all furnishings, they were there every step of the way. Fran and the team worked effectively with us and Little Dix Bay representatives to ensure terrific results. She and her team were also a delight to work with - tenacious workers, but also fun for us to interact with.”

“We knew we needed to modernise the kitchen, bathrooms, floor tiles and ceilings, but with the help of House we also opened everything up to create a large bright open plan multifunctional space whilst letting the panoramic views still speak for themselves. We love calm neutral interiors with splashes of blue and other beachy colours and House really helped us achieve this, creating mood boards, helping us choose fabrics and most importantly taking away the hassle of the orders and deliveries. We simply chose what we wanted and it arrived. We would not have achieved what we did without the dedication of the team at House”
